20th Century America: A Social and Political History ...

The 20th century was a time of enormous changes in American life. The beginning of the 21st century seems a suitable time to look back over the past 100 years and see how the United States has developed, for better and worse, during that period of its history. In the early decades of the 20th century the American people benefited from industrial growth while also experiencing its

Mapping American Social Movements

The 20th century began without planes, televisions, and of course, computers. These inventions radically transformed the lives of people around the globe, with many changes originating in the United States. This century witnessed two world wars, the Great Depression of the 1930s, the Holocaust in Europe, the Cold War, revolutionary social equality movements, and the exploration of space.

Decade-by-Decade Timeline of the 20th Century

Social class is an important theme for historians of the United States for over decades. The subject touches on many other elements of American history such as that of changing U.S. education, with Greater education attainment leading to expanding household incomes for many social groups. The overall level of prosperity grew greatly in the U.S. through the 20th century as well as the 21st
