Which brings me back to six weeks: It's plenty of time for an athlete with 8% or 11% body fat to get under 5% or 9% body fat. For many, 8% and 11% body fat may be their ultimate goal, but for a true physique competitor or trainer, that's your job. They should never allow their body-fat to rise above 10% and 13%, respectively.
