Music theory fundamentals. While it would be nice to be one of those people who can sit at any instrument and play beautiful music without any training whatsoever, most folks need some sort of structured instruction, whether from a teacher or from reading a book.

What Is Music Theory? - dummies

Music theory is the study of the practices and possibilities of music. The Oxford Companion to Music describes three interrelated uses of the term "music theory". The first is the "rudiments", that are needed to understand music notation (key signatures, time signatures, and rhythmic notation); the second is learning scholars views on music from antiquity to the present; the third a sub-topic ...
