Basic Book Template for Scribus. May 16, 2016 John Osterhout 7 Comments. If you are self-publishing, one of your tasks is to design the interior of your book. You can use your word processor, but that often leads to a shoddy job (see Book Interior Design: Tips to Avoid the Amateur Look ). Scribus is an open-source desktop publishing program that you can use for your book interior design.

While I will not say that this book is bad in itself, its title - Beginning Scribus - is clearly misleading. Instead of introducing the new user to Scribus in any meaningful way, the author is just describing every single element or function Scribus has to offer, without putting it into the necessary context a new user needs.
