British Colour Standard

Colour is used in other English-speaking countries. The word color has its roots (unsurprisingly) in the Latin word color. It entered Middle English through the Anglo-Norman colour, which was a version of the Old French colour. The current difference in spelling between the American and British variants is credited to (or occasionally blamed on ...

List of British artists - Wikipedia

Today's British English spellings mostly follow Johnson's A Dictionary of the English Language (1755), while many American English spellings follow Webster's An American Dictionary of the English Language ("ADEL", "Webster's Dictionary", 1828). Webster was a proponent of English spelling reform for reasons both philological and nationalistic.
