Hi, got a Motofino MF50QT-6 Scooter. Got it used in Non-running condition. Lady said it ran all last year, now it won't start this year. My first thought- carb needs cleaning and battery may be dead Well, I did take the carb apart a bit just to clean the 2 main jets. Cleaned them with carb cleaner/compressed air/ and a thin wire.

EcoBike USA - Parts & Maintenance

The engine in your 2007 Motofino Motorcycle MF150QT-10D may make the power, but it is the transmission (or transaxle) that sends it to rest of the driveline. With an automatic transmission (AT) the torque converter and flexplate are responsible for transferring the rotating engine power to the transmission.
