The Doctors Protocol Field Guide

The Doctor's Protocol Field Manual That's why disaster plans and drills created by people like Rick Rescorla are so important. They train people to fight "negative panic" and react in a way that saves lives. You may say to yourself, "The World Trade Center example is extreme. Nothing like that will ever happen to me." I hope you're right.

Field guides need to have pictures. As it is said, a picture is worth a thousand words. You can use illustrations, or photographs. Illustrations are much harder to use and not always as accurate, so unless you are very confident with your drawing or your illustrator, use a camera! Where a computer has a camera (such as XO's, new Macs), this can ...
