Math for Nurses - Basic Mathematics

Math Exam Tips for Nursing School. I hated nursing school math exams. I'm not the best at math, at all. I've never taken a calculus or physics class in my entire life. However, like many nursing schools, mine had a med math exam in every single course. You had to get a 90% or above or you failed the entire class, no matter what the rest of ...

Math Exam Tips For Nursing School - Tips from a Nurse ...

Math is used to calculate the flow rates for an IV. Nurses use math to calculate how much IV fluid to administer per hour, how many drops per minute, how much medication should be in the IV and how much medication should be dispersed in a given time period. These problems are solved using formulas that involve division and rounding numbers.

How Do Nurses Use Math in Their Jobs? - Woman

Other Uses for Math. Nurses are called upon to use math outside of medicine administration. They must calculate intake and output of their patients, which means adding up every cubic centimeter of...
